

# SPC charting with **SQCpack<sup>®</sup> EZ**

**New one-day  
workshop!**

"Very good class. The subject matter covered was excellent and I actually came away with information that I could use and apply back on the job. This seminar was well worth my time."

Gary Morris  
*Jewett Machine*

"SQCpack is the only way to go if you are looking for quality results. Great product, great support, and terrific people."

Janet Montz  
*OCI Wyoming*

"All of the instructors did a very good job. I especially liked the way the material was presented. For non-QC department people like me, the material was presented in an easy-to-understand format."

Bob Morgan  
*PPG Industries, Inc.*

"When I came to this class I had no prior experience on statistics, SPC, or SQCpack. Leaving today, I feel I have knowledge on all."

Christine Triano  
*Clairol, Inc.*

## Seminar Overview

This one-day seminar will teach you how to apply statistical process control (SPC) methods using *SQCpack<sup>®</sup> EZ* and show you how to get the most out of the software after you have returned to your organization.

In this hands-on seminar, participants will learn important SPC principles and how to use *SQCpack EZ* to apply those principles.

## Who Should Attend

Anyone who will be using *SQCpack EZ* or interpreting the results should attend this seminar. Some prior knowledge of SPC will be useful, but is not required. Each seminar participant will be awarded 0.7 C.E.U. credits.

## Seminar Contents

- Control Charts
- X-bar and range
  - Individual and moving range
  - p-, np-, u-, and c-charts
  - Multiple control limits
  - Special causes
  - Chart interpretation

## Capability Analysis

- Cpk, Cp, Cr
- Ppk, Pp, Pr
- Cpm
- Dpm

## Additional Features

- Computed characteristics

- Report templates
- Multiple charts on screen
- Chart workspaces
- Importing data
- E-mailing charts
- Filters

## Seminar Hours

8:00 am to 4:00 pm

## Cost

\$595 (Includes all materials, refreshments, and lunch.)

## Dates and Locations

Call for upcoming dates.

## In-house Seminars

PQ Systems can conduct this seminar at your place of business. Instructors tailor the training to your needs, devoting more time to the topics you want emphasized. We can use your data and examples, and because we train a group, substantial savings can be realized. You will also save on participants' transportation, lodging, and other expenses. Call for details.
